

SR1-REX-STL02PTE  
STL02-Series LED-Illuminated Pushbutton

**Description**

An attractive low-profile flush-mount weather-resistant exit device featuring an LED-illuminated green halo at the perimeter of the 16mm diameter pushbutton enhancing its appearance in low-light areas. Single-pole normally-open contact output. Stainless Steel construction improves vandal resistance. Requires 12 VDC to power the illumination.
