

SR1-REX-P09-VP
SR1-REX-P09 Series Stainless Steel Exit Button With Plastic Housing

Description

The SR1-REX-P09 series exit buttons are a practical and cost-effective choice for various low-traffic applications. These buttons offer a user-friendly design, clear visual cues, and simple installation, making them a valuable addition to any environment requiring a basic exit control solution. With their versatility and affordability, the SR1-REX-P09 series caters to projects seeking a balance between functionality and budget-consciousness.

Key Features (Common to Both Models):

- **Stainless Steel Button:** Provides a touch of elegance and durability.
- **Clear Green "DOOR RELEASE" Label:** Ensures easy identification and intuitive use.
- **Single Gang Plate and Back Box (Included):** Simplifies installation for both flush or surface mounting.
- **19mm Button Diameter:** Offers a comfortable size for easy operation.
- **Choice of Contact Configuration:** Available in single pole (SPST) or double pole (SR1-REX-P09PTE) options to suit your wiring needs.
- **Nominal Dimensions:** 85mm (W) x 85mm (H) x 28mm (D)

Model Variations:

- **SR1-REX-P09DR:** Single pole (SPST) configuration for basic door release applications.
- **SR1-REX-P09DR-DP:** Double pole (DPST) configuration for controlling two separate circuits simultaneously.
