

SR1-EDB-300
SR1-EDB-300 Surface-Mount Electric Drop Bolt Lock – with Door Position Status Output

Description

The GEM Fail-Safe series electric dropbolt can be mounted horizontally or vertically and provides various functions. It is designed for use on double action doors (or single inswing/outswing doors) and ideal for applications where an electromagnetic lock or electric strike is impractical.

- Fail-safe
- Vandal resistant - The lock cannot be defeated by slipping a metal object between lock and the strike plate
- Built-in bolt status sensor and door position sensor
- Relock time delay
- Surface Mount

Product Specifications

Weight	1100 kg
Brand	GEM
Power-requirement	0.9A, 12 VDC
