#### EB300VGL GEM EB300VGL – Fail-Safe Electric Drop Bolt For Glass Doors

#### Description

The GEM EB300VGL Electric Drop Bolt is a fail-safe locking solution specifically designed for frameless glass doors. With surface mount installation, built-in status sensors, and a vandal-resistant design, this drop bolt provides high-security access control for double action or inswing/outswing doors.

- Fail-safe (Power to lock) Vandal resistant The lock cannot be defeated by slipping a metal object between lock and the strike
- Built-in bolt status sensor and door position sensor
- Relock time delay
- Surface Mount
