

SR1-REX-ST04DR
ST04DR Green Dome Door Release Button

Description

The ST04DR door release button is a practical and functional choice for various access control applications. This button combines a user-friendly design, a durable build, and easy installation, making it a valuable addition to any building requiring a dependable exit control solution. With its clear visuals, robust construction, and versatile configuration options, the ST04DR delivers both functionality and style.

Key Features:

- **Green Dome Button:** Highly visible and easy to locate, ensuring smooth and intuitive use.
- **Brushed Stainless Steel Finish:** Provides a sleek and modern aesthetic that complements various architectural styles.
- **"Door Release" Legend:** Clearly communicates the button's function for enhanced user experience.
- **Flush-Mount Design:** Creates a clean and unobtrusive appearance when mounted on a wall or surface.
- **Choice of Contact Configuration:** Available with either COM-NO or COM-NC contacts to suit your specific wiring requirements.
