

Delta3
Delta3 Contactless Smartcard Reader

Description

Farpointe Data Delta3 Contactless Smartcard Reader With a compact design the model Delta3 may be mounted to metal door or window frames, and other flat surfaces. Delta readers are able to read the sector (access control) data and/or card serial number from all ISO 14443 Type A & B compliant credentials including MIFARE, DESFire and iCLASS credentials. Delta credentials meet the ISO standard and are programmed by the manufacturer with a Delta compatible secure key. During Delta's validation process the credential's secure key is challenged by the reader. If the secure keys match, the reader will read the card's sector data, if the secure keys don't match, the reader will only read the credential's CSN.

Product Specifications

Weight	74 kg
Brand	Farpointe Data
