

5352AGN00

HID 5352AGN00 ProxPro Reader with keypad – RS232/422 output, keypad data on 4x3 matrix output

Description

ProxPro Proximity Reader - Serial Output (RS-232/RS-422) The ProxPro proximity card reader's weatherproof design allows easy mounting indoors or out. The ProxPro Reader is ideal for applications requiring a larger read-range. Ideal for medium-range applications (longer read-range than MiniProx).

- Dimensions: 127mm x 127mm x 25.4mm
- 10-28.5 VDC operating voltage
- Connection via internal terminal strip

Product Specifications

Weight	336 kg
Brand	HID
Colours	Grey
Construction	Plastic
Mounting	Surface Mount
Protection-rating	IP55
Frequency	125 kHz (RFID)
Power-requirement	10-28.5 VDC
