

SR1-DH-G
SR1-DH-G Surface Housing for Exit Button and Break Glass Unit

Description

For neater installation this double housing is the ideal surface-mount solution for maglock or fail-safe locking device installations that require both a request-to-exit button and a break glass unit.

- Surface mounting
- Suitable for both vertical and horizontal positioning - with any Smart R Break glass unit and single gang button
- Enhances installation aesthetics - looks particularly good with the green weatherproof mushroom button and resettable break glass with cover
- Accommodates two UK single-gang compatible devices
- Supplied unpopulated for you to fit exactly what you need

Note: products fitted in example pictures below are not included!
