

A-PATCH-M  
Authenticard A-PATCH-M Series MIFARE Classic Self-Adhesive Patch

**Description**

The Authenticard "A-PATCH-M" is a MIFARE Classic credential secured within an adhesive-backed PVC disc. "A-PATCH-M" is intended for applications such as asset tracking, inventory control, industrial tagging and can also be affixed to existing tokens / credentials to add multi-technology operation. The Authenticard "A-PATCH-M" range suits both new and established installations. Featuring MIFARE Classic S50 technology the A-PATCH is available in 25mm and 30mm diameter sizes - please select when ordering. Authenticard "A-PATCH-M" is available with no minimum order quantity for fast delivery.

- White gloss finish
- Diameter 20mm, Thickness 1mm
