

A-FOB-D4
Authenticard A-FOB-D4 DESFire Key Fob, 4KB Memory

Description

The Authenticard "A-FOB" is an attractively chunky, robust keyfob which can also be worn as a pendant or affixed to articles requiring electronic identification. Designed specifically for access control systems, the Authenticard A-FOB-D4 fob / token is a popular choice for Access Control where DESFire technology in a keyfob form factor is the credential choice.
