

COM-BSS-VS2-1-PF-MH
Comelit BSS-VS2-1-PF-MH Bespoke 1-Way Video Intercom Kit With Proximity Reader Cut-Out and Monitor

Description

The Comelit BSS-VS2-1-PF-MH offers a feature-rich solution for single-door video entry. This comprehensive kit provides high-resolution colour video, clear audio communication, and the potential for proximity access control, all in a stylish and durable stainless steel package. With its ease of installation and scalability, the Comelit-Pac BSS-VS2-1-PF-MH is a valuable asset for any application requiring a secure and convenient entry system.

Key Features:

- **1-Way Colour Video Entry:** See and speak with visitors using the high-resolution colour camera and built-in microphone on the external unit.
- **Stainless Steel Panel:** Durable and stylish design for a lasting impression.
- **Proximity Reader Cut-Out:** Integrate a compatible proximity reader for convenient hands-free access (reader not included).
- **Single Button Call Point:** Visitors can easily initiate communication with occupants.
- **1 x 6701W Mini Colour Handset:** View visitors and answer calls using the colour handset with intuitive controls.
- **2-Wire Simplebus System:** Simplified installation using only two wires for power and communication.
- **Complete Kit:** Includes all necessary components for a functional video entry system (excluding proximity reader).
- **Optional Induction Loop:** Enhances accessibility for visitors with hearing aids.
