RX2 Third Millennium RX2 Reader

Description

The RX2 advanced access control reader from Third Millennium is an elegant and slimline unit designed particularly for upgrading from magnetic stripe card readers. with a footprint similar to most popular magnetic stripe readers on the market it will have little or no cosmetic impact to the wall finish once installed to replace a magstripe reader. The **RX2** reader offers a choice of technologies, and a range of security levels from 125kHz through MIFARE® Sector and LEGIC® encryption multiple technology access control - all the way up to a high-end security level option using the **RX290B** reader model. The **RX290B** boasts multiple technologies embedded in its hardware and firmware, providing a 13.56MHz MIFARE® DESFire® platform, having state-of-the-art security and privacy. The reader employs LEGIC® 13.56MHz contactless smart technology, with its tightly integrated LEGIC RF Standard. In addition, the reader can also be used for 125kHz access control systems. Models available are RX200, RX280, RX282 and RX290-PLUS - please select when ordering.
