

SR1-BGS-WSTOPPER
Flush-Mount Green Weatherproof Stopper

Description

The Flush-Mount Green Weatherproof Stopper is a practical and unobtrusive solution for safeguarding exposed break-glass units. This weatherproof stopper enhances device protection, promotes equipment reliability, and offers an additional layer of security. With its clear user guidance and discreet design, the Flush-Mount Green Weatherproof Stopper is the ideal choice for various applications where protecting exposed break-glass units is crucial.

Key Features:

- **Flush-Mount Design:** Maintains a clean aesthetic as the stopper has a smaller profile and protrusion.
- **Green Colour:** Provides a clear visual indicator of the break-glass unit's location.
- **IP54 Weatherproof Rating:** Protects against dust and water splashes from any direction, ensuring optimal device performance.
- **Break-Glass Unit Protection:** Extends the lifespan and reliability of exposed devices.
- **Prevents Accidental or Malicious Activation:** Offers an additional layer of security for sensitive equipment.
- **Clear Legend:** Features the inscription "In case of emergency - lift cover break glass to open door" for easy identification and proper use.

[50mm Spacer](#) is available for this product - sold separately.
