

CSR-35L

Farpointe Data CSR-35L Conekt? mobile-ready contactless smartcard reader – includes both mullion & single-gang switchplate mounts

Description

Conekt comprises Farpointe Data's contactless smartcard reader solution with mobile access support. Based upon the proven LEGIC® contactless digital radio frequency identification (RFID) platform, Conekt readers interface with a wide range of access control protocols. In addition to traditional contactless smartcard access credentials such as clamshell cards and key tags, the Conekt platform includes the option of mobile access credentials installed on Bluetooth Low Energy (BLE)-enabled smartphones allowing the smartphone to function as a contactless electronic access control credential. The CSR-35L reader is also available as an OSDP version - please see CSR-35L-OSDP.
