

INT-04-0106

Intratone 04-0106 Flush-Fit Square Mifare Proximity Reader

Description

The Intratone 04-0106 proximity reader is a valuable addition to any existing Intratone GSM door panel system. This reader combines advanced MIFARE technology with a discreet design, offering a convenient and secure access control solution. With its ease of installation, remote key fob management capabilities, and wide range of features, the Intratone 04-0106 is an ideal choice for enhancing security and convenience within your building.

Key Features:

- **Flush-Fit Design:** Discreetly integrates into standard 40mm x 40mm cut-outs for a clean and professional aesthetic.
- **MIFARE Technology:** Provides advanced security and compatibility with a wide range of MIFARE-equipped key fobs and remote transmitters.
- **Easy Installation:** Designed for quick and simple installation using the included mounting hardware.
- **Remote Key Fob Management:** Create, change, or delete key fobs remotely without requiring their physical collection.
- **Seamless Integration:** Works seamlessly with your existing Intratone GSM door panel (requires separate controller).
