

INT-04-0107

Intratone 04-0107 Mini coded keypad with prox and 10 years data

Description

A true parking revolution! A mini code lock keypad, easy to install thanks to its ultra-mini dimensions. In its all-inclusive Intrabox kit, you don't have need to go anywhere to amend, create or delete a code or remote control, just login to the management portal website www.intratone.com. In one click, updates are made and applied via the mobile phone GSM system. Price includes 10 years of GSM data. Keypad accepts proximity fobs too! Call for more details.
