

COM-1414  
Comelit 1414 Splitter for Simplebus

**Description**

**Simplebus Riser Shunt Module** The Comelit 1414 is used to branch a second riser from the outgoing BUS line from the mixer. It can also act as line protection (by default this function is disabled). This unit can be used with Simplebus 2 video systems, and as it is powered by the 2 wire bus. It does not need any additional power supply. Max. 100 users can be connected to each Mixer p/n 4888 or p/n 4888C whatever the number of 1414 units used.
