COM-1448 Comelit 1448 CPS Software

Description

SWITCHBOARD SOFTWARE FOR PC FOR COMELIT VIP SYSTEM

Software on USB micro-key for simple management and control of all the typical functions of the porter switchboard. In addition to the classic functions of ViP video door entry monitors, it receives and forwards audio/video calls and manages alarms in the apartments; it has a directory of actuators, internal and external units which, when programmed, easily identify the apartment and the external unit which made the call. It also has a recordings archive which stores all calls (made, managed, lost and forwarded) from internal/external units and alarms. It can also send messages to internal units. The software comes with a user license. To work correctly, the USB micro-key must always be inserted in the computer. Minimum operating system Windows 8 32/64 bit.

Smart R Distribution Limited Smart R House • 13 Moonhall Business Park • Helions Bumpstead Road Haverhill • Suffolk • CB9 7AA • England Phone UK: 01440 704 387 Phone Int'l: +44 1440 704 387
