

COM-1451A
Comelit 1451A PoE Injector

Description

This Comelit power supply unit allows for an ETHERNET connection to be converted into a POE type connection for supplying the internal unit. The power supply unit is required when installing VIP devices, such as: video intercoms/intercoms on pre-existing ETHERNET networks with non-POE (Power Over Ethernet) connections.

Product Specifications

Weight	0 kg
Brand	Comelit-PAC
Construction	Plastic
Colours	Black
Operating-temperature	-10°C to 40°C
Power-requirement	100-240VAC
