

ACTPRO-120

ACTpro-120 Single Door Station / Expander with 2A 12V DC PSU in a Plastic / ABS Enclosure (replaces the ACTpro-1002A)

Description

The ACTpro-120 facilitates the expansion of an additional door on the ACTpro controller (ACTpro-1500 and ACTpro-1520). The ACTpro-120 includes a 2A 12V DC PSU and is connected to the ACTpro controller via RS485. The decision to grant or deny access is made by the ACTpro Controller.

Product Specifications

Weight	1100 kg
Brand	ACRE
Operating-temperature	-10°C to 55°C
Mounting	Surface Mount, Wall Mount
Power-requirement	120mA, 9-28 VDC
Construction	ABS
Access-control-system-type	Networked
