

ACTPRO-120

ACTpro-120 Single Door Station / Expander with 2A 12V DC PSU in a Plastic / ABS Enclosure (replaces the ACTpro-1002A)

**Description**

The ACTpro-120 facilitates the expansion of an additional door on the ACTpro controller (ACTpro-1500 and ACTpro-1520). The ACTpro-120 includes a 2A 12V DC PSU and is connected to the ACTpro controller via RS485. The decision to grant or deny access is made by the ACTpro Controller.

**Product Specifications**

Weight	1100 kg
Brand	ACRE
Operating-temperature	-10°C to 55°C
Mounting	Surface Mount, Wall Mount
Power-requirement	120mA, 9-28 VDC
Construction	ABS
Access-control-system-type	Networked
