

6005/6008
HID ProxPoint Plus Proximity Reader

Description

HID Global's ProxPoint Plus proximity reader combines multiple configuration options with an attractive, inconspicuous design and economical price. Its secure potted electronics make it ideal for both indoor and outdoor applications.

- Small sized, low cost reader features a beeper and multi-colour LED which can be host and / or locally controlled
- Potted construction makes it suitable for indoor or outdoor use
- 45 cm pigtail cable as standard
- Optional Classic Series covers are available in black, grey white or beige. Optional Designer Series covers are available in black or grey - call for further details
- Designed for mounting directly onto metal with no change in read range performance
- Available with either Wiegand or Clock-and-Data (magnetic-stripe data) output
- Dimensions 79.6H x 43W x 16.8D mm

Product Specifications
