

A-FOB-LFO
Authenticard A-Fob Keyfob

Description

Equip users with the versatile and durable Authenticard A-FOB. This multi-purpose credential functions as a key fob, pendant, or asset tag, offering secure access control and identification in diverse applications.

Key Features:

- **Multiple functions:** Wear as a key fob, pendant, or attach to assets for tracking and access control
- **Multi-technology compatibility:** Choose from 125KHz proximity or 13.56MHz MIFARE, DESFire, and Legic options to match your system
- **Durable construction:** ABS plastic construction withstands daily wear and tear
- **Clear identification:** Printed fob number simplifies enrolment and management
- **Compact and lightweight:** Comfortable for carrying and unobtrusive use
- **Easy attachment:** Aperture allows for seamless integration with existing keyrings or lanyards
