

DHI-ARD1233-W2(868)
Dahua DHI-ARD1233-W2(868) AirShield Wireless PIR Detector

Description

The Dahua DHI-ARD1233-W2(868) AirShield Wireless PIR Detector is a valuable addition to any home or business security system. This wireless detector offers convenient installation, reliable human movement detection with pet immunity, and advanced features for optimal performance. With its ease of use and effectiveness, this PIR detector provides an extra layer of security and peace of mind.

Key Features:

- **Wireless Connectivity:** Provides a simple and hassle-free installation process without complex wiring.
- **Passive Infrared (PIR) Technology:** Accurately detects human movement within the designated area.
- **Pet Immunity Function:** Minimises false alarms triggered by pets weighing under 30kg.
- **Auto Temperature Compensation:** Ensures reliable performance in various temperature environments.
- **3-Level Sensitivity Adjustment:** Customise the detection sensitivity to suit your specific needs and minimise false alarms.
- **Signal Strength Detection:** Monitors the signal strength between the detector and the hub for optimal performance.
- **Low Battery Alarm:** Provides timely notification when the detector's battery needs replacement.
- **Temperature Monitoring:** Monitors its operating temperature for potential maintenance needs.
- **Frequency Hopping and Two-Way Communication:** Guarantees secure and reliable communication between the detector and the alarm hub.
- **Cloud Updates and Automatic Recovery:** Benefits from automatic firmware updates through the cloud and automatic recovery from failed updates for a smooth user experience.

Product Specifications

Weight	kg
Brand	<i>Dahua Technology</i>
Series	<i>AirShield</i>
Connection-type	<i>Wireless</i>
Application	<i>Residential</i>
Grading-compliance	<i>Grade 2</i>
Device-type	<i>PIR Detector</i>
