

DH-LM22-H200
Dahua LM22-H200 – 21.5" FHD LED Monitor

Description

The Dahua LM22-H200 FHD LED Monitor is a compelling choice for users seeking a reliable and feature-rich display. With its exceptional image quality, wide viewing angles, and durable construction, this monitor is well-suited for various applications. The sleek design, energy-efficient operation, and integrated speakers make the Dahua LM22-H200 a versatile and practical solution for both professional and personal use.

Key Features:

- **21.5-Inch Full HD Display:** Experience sharp and vivid visuals with a resolution of 1920 x 1080 pixels.
- **178°/178° Viewing Angle:** Enjoy clear visibility from virtually any position thanks to the extra-wide viewing angles.
- **5ms Response Time:** Minimise motion blur, judder, and ghosting for a smooth and responsive viewing experience.
- **Suitable for 24/7 Operation:** Engineered for continuous use, ensuring reliable performance in demanding environments.
- **Ultra-Thin Bezel Design:** Provides a modern aesthetic with a minimised screen border for a more immersive viewing experience.
- **Low Energy Consumption:** Offers eco-friendly operation with minimal power consumption.
- **Multiple Signal Inputs:** Supports HDMI and VGA connections for compatibility with various devices.
- **Built-in Speakers:** Eliminate the need for external speakers with the integrated dual 1.5W speakers.
