

SPC-WMAG
Acre WMAG – Slim Wireless Magnetic Contact For SPC Intrusion System

Description

The Acre WMAG is a slimline wireless magnetic contact, designed for discreet and dependable protection of doors and windows within your SPC intrusion system. This sleek and compact solution features high-precision sensors and easy installation, making it perfect for a variety of security applications.

Key Features:

- **Wireless Design:** Simplifies installation and eliminates the need for complex wiring.
- **EN Grade 2 Approved:** Delivers robust security performance and meets industry standards.
- **Slimline Profile:** Unobtrusive design blends seamlessly with any décor.
- **Highly Accurate Sensors:** Features advanced hall effect sensors for dependable detection of door and window openings.
- **Flexible Magnet Placement:** Supports both left and right magnet placement for optimal installation versatility.
- **Quick and Easy Installation:** Strong adhesive tape allows for swift mounting on various surfaces.
- **Remotely Configurable:** Supervision time and LED behaviour can be adjusted remotely for customised operation.
