

SPC-WPIR
Acre WPIR – PIR Detector For SPC Intrusion System

Description

The Acre WPIR is a premium wireless PIR detector designed to seamlessly integrate with your SPC intrusion systems. This reliable solution offers exceptional detection capabilities and advanced features, providing comprehensive protection for a wide range of security applications.

Key Features:

- **Extensive Detection Range:** The Acre WPIR PIR Detector Covers a wide area with a 12-meter detection zone, ideal for securing homes, offices, and other spaces.
- **Advanced Pet Immunity:** Mitigates false alarms triggered by pets weighing up to 25kg, ensuring accurate detection of human intruders.
- **Quad Element PIR Technology:** Provides exceptional detection accuracy and reliability.
- **Wide Viewing Angle:** Offers a 90-degree viewing angle for comprehensive coverage within the protected area.
- **Adjustable Settings:** Firmware configuration allows for customisation of sensitivity, pulse count, supervision time, and LED operation to optimise performance for various environments.
- **EN Grade 2 Approved:** Meets industry standards for robust performance and dependable security.
- **Long Battery Life:** Up to 5 years of operation with a high-performance lithium battery for lasting performance.
- **Extended Range:** Communicates reliably with the SPC transceiver over a long-range open-air distance of up to 500m.
- **Simplified Installation:** Easy to mount for quick and hassle-free setup.
