

SPC-WFOB  
Acre WFOB – Pack Of 10 Fobs For WKP-SIM SPC Keypad

**Description**

The Acre WFOB is a convenient accessory pack containing 10 additional fobs specifically designed for the WKP-SIM wireless keypad within your SPC security system. These compact and stylish fobs offer a simple and user-friendly way to arm and disarm your security system, providing additional access points for authorised users.

**Key Features:**

- **Compatibility:** Designed for seamless use with the Acre WKP-SIM SPC keypad.
- **Enhanced Convenience:** Enables additional users to easily arm and disarm the security system with a single press of a button.
- **Compact and Stylish Design:** Discreet and easy to carry on keychains or lanyards.
- **Quick and Easy Pairing:** Effortless pairing process for immediate use with your existing WKP-SIM keypad.
