

BAS-UPS-DP/F
BAS-IP UPS-DP/F – Uninterruptible Power Supply Unit With Fire Input

Description

The BAS-IP UPS-DP/F is a valuable addition to any access control system that requires reliable and uninterrupted power supply. This Uninterruptible Power Supply Unit With Fire Input (UPS) unit provides essential protection for multi-apartment outdoor panels, electromagnetic locks, and electromechanical locks, ensuring system security and preventing downtime in case of power failures.

Key Features:

- **Uninterruptible Power Supply:** Ensures continuous operation of access control systems during power failures.
- **Built-in Control:** Manages electromagnetic and electromechanical locks for added security.
- **Wide Compatibility:** Works with multi-apartment outdoor panels, individual panels, and concierge monitors.
- **Reliable Power Output:** Provides a stable +12V power supply.
- **Durable Construction:** Metal case for protection and long-lasting performance.
- **Temperature Resistance:** Operates in a wide temperature range (-40°C to +60°C).
- **Fire Input:** Triggers a relay in case of fire for immediate response.

Product Specifications

Weight	kg
Brand	Bas-IP
Colours	Black
Construction	Metal
Mounting	Surface Mount
Operating-temperature	-40°C to 60°C
Protection-rating	IP30
Power-requirement	100-230 V
Output	12VDC
