

BAS-AA-07BD Silver
BAS-IP AA-07BD – Multi-Resident Entrance Panel With a Backlit TFT Colour Screen

Description

The BAS-IP AA-07BD is a robust and feature-rich multi-resident entrance panel designed to provide secure and efficient access control for residential complexes and office blocks. This advanced panel offers a combination of durability, convenience, and advanced features to meet the needs of modern buildings.

Key Features:

- **4.3-Inch TFT Colour Display:** Provides clear and vibrant visuals for easy navigation.
- **High-Resolution Camera:** 2.0 MP camera with a wide viewing angle for detailed images.
- **Multi-User Capability:** Supports up to 20,000 registered users.
- **Advanced Security:** Features built-in Wiegand output, IP65 and IK07 protection, and secure communication protocols.
- **Flexible Access Control:** Supports various identification methods, including cards, key fobs, UKEY, QR codes, and PINs.
- **Easy Installation:** Flush or wall-mounted options for convenient setup.
- **Customisable Settings:** Adjust call melodies, access control settings, and other preferences to suit your specific needs.
