

KFS-PA4S

PA4S: Grade 3 Personal Alarm Button with Selectable Resistors – Black and Stainless Steel

Description

The PA4S is a stylish and robust Grade 3 personal alarm button, designed to provide reliable security in a compact and elegant package. Its sleek black plastic and stainless steel design make it perfect for both residential and commercial settings.

Key Features:

- **Grade 3 Security:** Meets the highest industry standards for security and reliability.
- **Electronic Confirmation:** Requires two separate actions to confirm an alarm, reducing the risk of accidental activation.
- **4-Button Design:** Offers flexibility in button configuration to suit your specific needs.
- **Selectable Resistors:** Compatible with a wide range of control panels, including major UK and international brands.
- **Tamper-Proof Design:** Detects and alerts you to any attempts to tamper with the device.
- **Clear LED Indicators:** Visually confirms button presses and alarm status.
- **Durable Construction:** Built to withstand harsh environments.
- **Stylish Design:** Sleek black plastic and stainless steel finish.
- **PD6662:2017 Compliant:** Ensures compliance with the latest industry standards.

Note: REQUIRES 12V pOWER SUPPLY AND 2 ZONES
