

DH-NVR2104HS-P-I2-VP
Dahua NVR2104HS-P-I2 – WizSense 4-Channel Compact 1U 4PoE 1HDD NVR

Description

The Dahua NVR2104HS-P-I2 is a compact and powerful 4-channel NVR, designed to deliver exceptional performance and intelligent features. Powered by Dahua's advanced WizSense AI technology, this NVR offers superior video analytics capabilities, enabling accurate detection and recognition of humans and vehicles.

Key Features:

- **Smart H.265+ Compression:** Efficient video compression for optimised storage and bandwidth usage.
- **Powerful AI Capabilities:** Advanced AI algorithms for face detection, recognition, perimeter protection, and SMD Plus.
- **Flexible Connectivity:** Supports both Dahua and third-party network cameras.
- **Robust Security:** Compliant with Security Baseline 2.1 for enhanced security.
- **User-Friendly Interface:** Intuitive interface for easy operation and management.

Available as the base model or with 1TB to 10TB Seagate Skyhawk HDD
