

KFS-PDA904K7
Knight Fire & Security PDA904K7 – Grade 2 Flush Contact for Steel Doors

Description

The Knight Fire & Security PDA904K7 is a Grade 2 flush contact with a single reed switch, designed for steel frame installations. Featuring a stainless steel plate, 6-core cable, and built-in 4K7/4K7 resistors, this high-security contact is EN50131-2-6 compliant and compatible with Aritech, HKC, and Siemens panels.

Key Features:

- **Designed for Steel Doors & Frames** – Built to function optimally in metal installations.
- **Durable Stainless Steel Plate** – Provides long-lasting protection and resilience.
- **Grade 2 Security Compliance** – Meets **EN50131-2-6** standards for professional installations.
- **Single Reed Contact** – Ensures **reliable activation and security monitoring**.
- **Built-In 4K7 Alarm & EOL Resistors** – Seamlessly integrates with **Aritech, HKC, and Siemens** panels.
- **Flush Mount Design** – Sits neatly within a **prepared recess** for a **discreet installation**.
- **1-Metre, 6-Core Cable** – Allows for flexible wiring and secure connections.
- **Environmental Class 3** – Designed for reliable operation in challenging conditions.
