

06-0228-EN
Intratone 06-0228 Only One – 1 to 10 User GSM Video Intercom Kit

Description

The Intratone Only One is a GSM-based video intercom system designed for 1 to 10 users, offering quick and economical installation, contemporary design, and remote door access management. With an integrated antenna, customisable LCD screen, and proximity reader, it's the ideal solution for residential buildings.

Key Features & Benefits:

- **GSM-Based Communication:** No extensive wiring needed — uses **integrated GSM module** for **reliable wireless connectivity**.
- **Quick & Economical Installation:** Surface-mounted design with **pre-integrated module and antenna** for **fast and easy setup**.
- **Supports 1 to 10 Users:** Perfect for **residential buildings, small apartment complexes, and gated properties**.
- **3" Colour LCD Screen:** Customisable display with **logo branding option** and **automatic brightness adjustment**.
- **Proximity Reader:** Allows **remote door opening within a 1m radius**, enhancing **ease of access**.
- **Corrosion-Resistant Design:** Built to withstand **external elements** with **IP54 and IK08 protection ratings**.
- **Real-Time Management:** Manage and program the system **remotely via www.intratone.info**.
- **Accessibility Features:** **Braille keys** and **hearing loop support**, ensuring **compliance with disability laws**.
- **Multi-Door Management:** Supports **up to 4 doors** with the addition of a relay card (12-0110).
